

QHSE Policy

Our overall aim:

To continuously improve our Management Systems and our service delivery in order to provide our existing and future clients with services that provide a sound basis for continued and mutually beneficial business relationships in a manner which ensures the health and safety of our workforce and at no damage to the environment.

Our Integrated Policies are:

- To consistently provide services that meet or exceed our client's requirements and all relevant statutory or regulatory requirements.
- To continually enhance our professional services and reputation in the fields of management consultancy, audit and training.
- To continually develop and improve our management systems in line with the principles embodied within the ISO 9001 / ISO 14001 and BS OHSAS 18001 Standards and other Business Excellence Models.
- To prevent injury and ill health of our employees and to continually improve the OH&S performance.
- To prevent pollution and protect the environment where practically possible to do so.
- To ensure the health, safety and welfare at work of all our employees.

The above stated policies are supported by documented QHSE and process objectives which are summarised within the Integrated Management System (IMS) manual which are individually documented, measured and reviewed by the Director(s) and Management Team on a regular basis and at Management Reviews.

Our Management Strategy:

- To base our professional services on careful analysis of and understanding of our clients requirements
- To plan and co-ordinate our delivery at a pace to suit our clients requirements
- To train and develop the creativity, skill, knowledge and professional standing of our staff and associates to the benefit of our clients and ourselves
- To apply established and proven techniques in a structured approach to achieve measurable improvements for ourselves and our clients
- To promote simple, user-friendly, innovative, and cost effective solutions for the achievement of business objectives without compromising our staff or the environment.
- To ensure we extend the culture of safety and environmental awareness and good behaviours beyond our workplace to our homes.
